ROUMANIA IS READY FOR WAR

Demands Territory For Neutrality During Recent Conflict.

TO CALL PARLIAMENT.

Purpose to Seize an Area of Twenty-Five Hundred Square Miles—Will Begin by Attacking Silistria.

Bucharest, July 1.—All Roumania was today prepared for war with Bulgaria. King Charles summoned parliament to convene in special session next Monday to deal with questions arising out of the plan to occupy Bulgarian territory.

With the withdrawal of her minister from Sofia and the mobilization of the army, Roumania has shown that she is determined to take possession of the teritory demanded as a reward for her neutrality during the Turko-Balkan war.

The present purpose is to seize this teritory immediately. It extends from Turtukai, approximately 100 miles from the sea of Balchik on the Black Sea. The area is about 2,500 square miles. The first point of attack will be the fortified city of Silistria.

London, July 1.—Diplomats here today awaited with interest the replies expected from Servia and Greece as a result of Bulgaria's action in placing her affairs in the hands of Russia. There is little doubt that these countries would agree to an immediate armistice, providing Bulgarian would agree to the main provisions of the peace terms, which it is known, would be demanded. The invasion by Roumania would also possibly stop, providing Bulgaria agrees to turn over to King Charles the territory he demands as a reward for his neutrality during the struggle of the Balkan allies with Turkey.

Servia and Greece also demand territorial concessions, and it is believed here should Bulgaria refuse at the present time to accede to the demands of Greece and Servia these two armies may be expected to join forces, push on to Sofia and impose even more exacting terms on Czar Ferdinand.

RETURNED FROM CONFERENCE

Alexandrians Who Went to Warrenton Home Again.

The following Alexandrians returned last night from attending the First District Conference M. E. Church South, which closed yesterday.

Henry K. Field, Dr. J. W. Duffey, J. F. Myers and W. C. Baggett, who were the delegates elected to attend the Alexandria District Conference of the M. E. Church South, July 8th to 10th, at the new M. E. Church South, in Warrenton, Va.

This was the first conference of the members in the new district of Alexandria, which was made a district by itself, covering the territory from Alexandria to Fredericksburg, across Prince William and Loudoun counties.

The presiding elder of the Conference, Rev. D. H. Kern, is also a resident of Alexandria. Some very important business was transacted in addition to considerable routine business. Ministers of the various Methodist churches belonging to this district and laymen submitted their reports to the conference, which will be reported at the annual conference that will be held some time the latter part of March next year.

INVITATIONS ON PURE GOLD.

Real Novelty in Golden Wedding Anniversary Cards.

St. Petersburg, July 11.— Society has been surprised here by a remarkable novelty in invitations issued for the golden wedding celebration of M. Spiridinoff, a very wealthy man of Moscow. All of the 200 invitations are on cards of pure gold, each weighing three-quarters of an ounce, and the words are wrought in enamel.

NEWS OF THE DAY.

Mrs. Anita Baldwin McClaughry, daughter of the late E. J. (Lucky) Baldwin, and beneficiary under his will to the amount of $10,000,000 of his estate, was granted an interlocutory decree of divorce yesterday in Oakland, Caly., on the ground of cruetly. McClaughery made no defense. The plaintiff testified that she and her husband quarreled so often over the cost of high living, as a result of his economical ideas, that her health became impaired. They were married at Carson City, Nev., in 1900. The custody of the two children of the McClaughrys is to be shared by both parents. It is stated informally that Mrs. McClaughry made a settlement of $300,000 upon her former husband.

Two men were killed and four injured early yesterday morning when an automobile was struck by a Long Island railroad train at a crossing near Mineola, N. Y. The big touring car, in which the party, comprising seven men, were riding, was completely demolished, and William Robinson, of New York, and a man as yet unidentified, met instant death. Thomas Nolan, of the car, suffered a probable fracture of the skull, and William Miller, of Jersey City, serious internal injuries. Both may die. The others were less seriously injured.

Every time it thunders Lucy Sephalia, 12 years old, of Dollar Bay, Mich., loses her voice. She first lost her voice six weeks ago during a thunder storm. Shortly afterward it was restored when she was playfully frightened by a friend. In each electrical storm since that time the same thing has happened. Each time her voice has been restored by a prearranged surprise shock.

Miss Clara E. Ward, 19 years old, of Washington, was drowned last night when she attempted to spring from the canoe of George Emmert, 20 years old, to the shore of the Chesapeake and Potomac canal, from Cabin John Bridge, thinking to escape death from a threatened collision with a canal boat. Miss Ward was an employe of the Bureau of Engraving and Printing, and Emmert is a clerk in the Second National Bank, of Washington.

James Plew, of Middlebury, Conn., and Mrs. Bessie J. Wakefield, of Bristol, have been held criminally responsible for the death of William O. Wakefield, the woman's husband, by the coroner. The official found that the death wounds were inflicted by Plew and that Mrs. Wakefield was an accessory to the commission of the crime. Both were indicted by the grand jury for murder in the first degree. Wakefield's body was found in a strip of woods in Cheshire, on June 28. He had been shot,stabbed and strangled, the coroner says. Plew and Mrs. Wakefield were arrested. The woman confessed that she had plotted with Plew to get Wakefield out of the way so that they might live together.

Mrs. Ludia Eury, 47 years old, widow of Columbus W. Eury, was taken to the Western Maryland hospital, Cumberland, yesterday, in a critical condition, having swallowed three bichloride of mercury tablets. She failed to get her 4-year-old son, George, to join her in the suicidal attempt. It seemed to have been her intention to take the child with her. Despondency over the separation of her children, two of whom are at St. Mary's Industrial School, Baltimore, is believed to have prompted the attempt at self-destruction. Mrs. Eury's family had been broken up since the death of her husband,more than a year ago, and she was tired of life.

Mrs. Hennie Yates, wife of James Yates ,a farmer, is under arrest at Troy, Tenn., charged with drowning two of her small children. Flora Farris, Mrs. Yates' 14-year-old daughter by a former marriage, also is under arrest. Officers state that Flora Farris confessed implicating her mother. It is alleged that Mrs. Yates enticed her husband's three children—Ligon, a boy of 12 years; Ida May, 10, and James 6—to a pond near their farmhouse under pretext that all would pick blackberries. Mrs. Yates, it was charged, dragged Ligon and Ida May into the pond and held them under water until they were rowned. James, it was said, escaped.

KOINER OPPOSES MOORE'S METHODS

Will Not Change System to Show What Money is For.

NO CHARGE OF FRAUD.

Commissioner of Agriculture Explains That Special Auditor Examined Records which Were Approved.

Richmond, Va. July 11.—Changes requested in the methods of issuing vouchers in the State Department of Agriculture, making them show for what purpose the money was being paid out, would necessitate a complete change in bookkeeping in the department, according to a statement issued yesterday by Commissioner G. W. Koiner, of the Department of Agriculture and Immigration. Correspondence published yesterday indicated that Mr. Koiner had declined to accede to a suggestion of the State auditor that vouchers be so drawn as to show what the money was being paid out for. Mr. Moore requested this plan shortly after coming into office, in order that the auditor's department would have a complete record of all payments of state funds, even though, as has happened in the past, vouchers be lost or stolen from the records of the Agricultural Department.

It is stated that in former years it was the custom for a very large number of vouchers to be drawn merely to G. W. Koiner, without any indication of what they were for, and that demonstrators and lecturers employed by the department in some instances were paid by Mr. Koiner's personal check, the records of the auditor's office not indicating what amount they received. No one has charged misappropriation of funds, but the system is held to be a slack one, which might readily lend itself to abuses.

Six years ago, following a report by Wm. M. K. Evans and George S. Crenshaw, expert accountants, sharply criticizing the methods of accounting in the Department of Agriculture, the board introduced a system of bookeeping which is still in vogue. Mr. Koiner expresses himself as unwilling to change from that system to meet the views of the state auditor of Public Accounts.

HEALTH BOARD MEETS

Julian Chauncey's Slaughter House Designated as Temporary Municipal Abattior.

The city Health Board at a called meeting held yesterday afternoon at 4:30 in the offices of the health officer, designated the slaughter house of Julian Chauncey, situated on Duke street extended, as a temporary municipal abattior.

The purpose of the meeting was to provide another location for the slaughtering of beef cattle and small stock under conditions aproved by the city health officer, and where the meat can be city inspected as required by law.

Some time ago the slaughtering house of Aaron O'Dell was designated as a city slaughter house, but some misunderstanding arose later as to the benefits and arrangements under which cattle were to be saughtered for local meat dealers, in consequence of which application was made to the city health board, which is a committee of Council, to confer with the city health officer and his deputy in regard to matters connected with the enforcement of the new health laws of Alexandria, to designate another abattoir which would be in addition to O'Dells municipal slaughter house, so that local butchers might take their choice as to the slaughter house where they choose to have their beef cattle and small stock killed and dressed, which, of course, must be under municipal inspection, or the meat cannot be sold in the city. Mr. Chauncey's place having been inspected by Dr. Garvey, deputy health officer, was recommended by him as one of the suitable locations available and was therefore yesterday designated by the health board as a temporary municipal abattoir for the next sixty days.

Local dealers expect within that period to organize and subscribe sufficient money to erect a co-operative slaughter house for the use of members and if, this co-operative abattoir should be designated by the city health department as a municipal slaughter house, which it is expected the health committee will do, any local dealer, even though he may not be a member of the co-operative butchers, who erected the building may have their beef cattle and small stock slaughtered there under the city inspection and at a nominal cost to themselves.

The city health office has already secured estimates as to the cost of erecting a modern sanitary abattoir as is proposed, from several firms in that class of business, who have signified their willingness to construct a modern slaughter house in accordance with the wishes of local dealers at the cost of $3,500.

At a meeting soon to be held of all dealers interested it is expected that plans will be perfected and a sufficient sum subscribed by the meat dealers to immediately commence the erection of a brick abattoir.

The milk dealers supplying fresh milk to consumers in Alexandria are to come under the scrutiny of the Alexandria Health Department. While Alexandria has usually been supplied with the best quality of milk heretofore, and it is expected that the milk coming to this city is still of the best quality, the health officer is required under the new health laws of the city to make inspection of all dairies selling milk in the city and issue permits for their operation. Should they not conform to the sanitary requirements of the health laws as to cleanliness and quality of the milk sold, the health officer is empowered to refuse the dairy operated under bad conditions a permit to do business in the city.

Blank applications for a permit to sell milk in Alexandria will be received from the printer by the health office in a few days and be mailed to all dairies in this section.

These blanks are for the purpose of ascertaining what dairymen desire to sell their products in Alexandria. To such a temporary permit will be at once issued on application good until such time as Deputy Health Officer Garvey may visit the dairy for inspection, when, if conditions at the dairy are satisfactory, the milk handled under approved sanitary conditions, a regular permit will be issued to replace the temporary permit.

Wind Storm Blows Over Tents at Encampment at Virginia Beach.

NO PERSON INJURED.

Storm Lasted One Hour—Men to be Paid Off Tomorrow—Will Engage in Warfare Game.

Camp Harvey M. Dickinson, Virginia Beach, Va., July 11.— terrific wind storm accompanied by heavy rain, thunder and lightning struck the camp of the Virginia brigade at the state encampment yesterday afternoon, and in a twinkling many tents were prostrated. Beyond a thorough drenching the militiamen and their effects suffered no damage.

Officers and men worked side by side in a driving rain while a fifty-mile wind tore up the tent pegs and scattered canvas and other camp impedimenta promiscuously. Dress parade, scheduled for 5 o'clock, had to be abandoned, and the storm put a stop to target practice and other camp duties. The storm lasted about one hour, and is said to have been one of the most severe experienced in this vicinity for a number of years.

A report among the men that they would not be paid off until they returned home was disproved this afternoon when Col. C. H. Consolvo, brigade paymaster, received a telegram from General Miles, of the War Department,, stating that a treasury warrant for the Virginia troops pay had already been drawn. Colonel Consolvo will pay off the officers and men Saturday afternoon dispersing $33,500 in cash.

Saturday afternoon the men will engage in a war game, defending Norfolk from attack by an invading army landing on the coast near Virginia Beach. There will be no firing ing this imaginary battle.

Saturday afternoo nthe men will get ready to break camp Sunday morning.

ASCCUSED DISMISSED.

Among the cases before the Police Court this morning was that of a colored man residing in the southern section of the city, who was charged with assaulting a white boy.According to the statements of the complainants and several of his companions, the alleged assault was committed after the boy had trodden upon the foot of the colored man, and the latter knocked the boy down. The accused denied striking the youth with his fist, and that the trouble occurred in a large gathering in the southeast section of the city where patent medicine is being sold; that the white boys came there for fun and in order to divert themselves rushed in gangs against bystanders. The colored man said that he was the victim of two such collisions and on the second occasion pushed the boy aside. The accused was dismissed, and the white boys warned of the consequences of engaging in such sport in the night among dense crowds, as some were liable to be hurt.

TERRIFIC STORM IN HAMPTON ROADS

Lightning Plays Havoc Last night at Old Point and Other Places.

HOUSES ARE WRECKED

Barge Loaded With Dynamite Has Narrow Escape From Destruction by Electric Fluid.

Norfolk, Va., July 11.—One of the worst electrical and windstorms this section has ever witnessed partly wrecked a number of homes on the Virginia peninsula last night and threw the guests of the Hotel Chamberlain, at Old Point, and of the Buckroe Beach Hotel in a panic.

The lightning came dangerously near striking the barge Lily, on which was stored one and a half tons tons of dynamite. The Lily had been engaged in destroying the barge Florida, sunk several weeks ago in Hampton Roads in collision with a tug. There were two small boats alongside the Lily. The lightning struck one of these, but the barge was not touched.

Captain Bradley, of the tug Helen Bethel, of Philadelphia, was stunned by lightning, while endeavoring to reach the government pier at Old Point.

Lightning split the flag pole on the Chamberlin Hotel and slightly damaged the roof. The shock was so severe that many women guests were thrown into hysterics, and it was some time before they could be quieted. Lightning also struck the Buckroe Beach Hotel, which was filled with guests. The damage here was more severe than at the Chamberlin, and the women became extremely hysterical. Several of them fainted and the services of a physician was required.

Lightning struck the home of Mayor Thornton Jones, of Hampton, and splintered several small boats in Hampton Creek.

During the height of the storm the revenue cutter Onandaga started to sea to aid the four-masted schooner, Josephine, reported ashore on Ocracoke nlet, thirty miles east of Hatteras. The Josephine carrier a crew of nine men.

TRESPASSER IS ARRESTED.

White Boy Charged With Boarding Freight Train Dismissed With Admonition

Every evening, while the work of returning freight trains from Union street to the Southern Railway yards is in progress dozens of boys of all ages board the cars and occasion considerable annoyance to the crews and endanger their own lives by hanging on to the sides of cars or riding on the bumpers. The pilots of the locomotives are often packed with thoughtless youths.

Yesterday evening Officer Miller took charge of a boy who had boarded a train and conducted him to the station house. About two hours later his father appeared and left collateral for his appearance this morning before the Police Court.

The boy made no defense to the charge urged by the officer, and the court dismissed the accused with a warning to him and others to the effect that if the dangerous practice is continued and the trespassers arrested the law will be enforced.

A fine of from $5.00 to $500.00 could be imposed upon persons trespassing upon railway property. The above is written for the benefit of parents of boys who risk their lives almost daily by climbing upon moving trains.

ORDINANCE IS APPROVED

Imposes Special County Taxes Upon Automobiles of the District of Columbia

Circuit Court Judge J. B. Thornton, of the Sixteenth Judicial District, of Virginia, yesterday announced his aproval of the ordinance recently passed by the Board of Supervisors of Alexandria County imposing special county taxes upon motorists of the National Capital, in addition to the regular State automobile tax.

Simultaneously with the announcement of the special tax came the news that Governor Mann of Virginia, had refused the request of the Commissioners of Columbia for reciprocal relations between the District and Virginia in the matter of the issuance of automobile licenses. Gov. Mann, in a letter to Corporation Counsel E. H. Thomas, gave as his reasons for refusing to grant the request the disproportionate number of Virginians who would be benefited by such an action as compared with the large number of District beneficiaries. He stated that only about fifty automombile owners of Alexandria county would be benefited, while 14,000 owners of the District would benefit if the request were granted.

Washingtonians admit there is reason in Governor Mann's attitude, and can find litle cause to censure him or not granting the request.

The automobile regulations of the District of Columbia and Virginia were the subject of discussions at a meeting of the Alexandria Automobile Association, held last night in the rooms of the Alexandria Chamber of Commerce.

The question of urging the adoption of provisions whereby Virginian automobilists might enter the District without District licenses and vice versa was brought up, but no definite action was taken.

Doctors Use This for Eczema

Dr. Evans, Ex-Commissioner of Health, says: "There is almost no relation between skin diseases and the blood." The skin must be cured through the skin. The germs must be washed out; and no salves have long ago been found worthless. The most advanced physicians of this country are now agreed on this, and are prescribing a wash of wintergreen, thymol and other ingredients for eczema and all other skin diseases. This compound is known as D.D.D. Prescription for Eczema.

Dr. Holmes, the well known skin specialist writes: "I am convinced that the D.D.D. Prescription is as much a specific for eczema as quinine for malaria. We have been prescribing the D.D.D. remedy for years."

We ourselves vouch for the D.D.D. Prescription for eczema and absolutely guarantee that it will take away the itch the instant you apply it.

If you are suffering from any form of skin trouble we would like to have you come to our store, for we have had the agency of this remedy years that we can tell D.D.D. Prescription and eczema. In fact, we are so D.D.D. will do for you th glad to let you have a $1 guarantee that it will cu unless you find that it d For that matter a trial ought to be enough to sa the merits of the remedy.

NEWS OF THE OLD DOMINION.

STATE PHARMACISTS.

State Association Meets at Chamberlain's Hotel, Old Point.

Hampton, Va., July 11.—The Pharmaceutical State Association convened in its second days' session in the dancing pavillion of the Chamberlin Hotel with about 100 members present. The reports of the various officers showed that the association has wonderfully prospered during the past year and is in better condition now than ever before.

C. B. Fleet, of Lynchburg, Va., who has been the State secretary from 1888 to 1911 began the principal work of the association. He spoke on the "Early History" of the association. He told what the association had done and how it had prospered in the last 32 years and declared that the drug men of the State of Virginia were becoming much better qualified for their work each year and that soon they would be second to none in this country.

Prof. A. Bolenbaugh of the chair of pharmacy of the State Medical College of Virginia at Richmond, spoke of the association work and the betterment of the educational standard and also touched on the narcotic law which was recently passed. He suggested many valuable hints to the members who were present.

H. S. Arrington, of Norfolk, Va., president of the State Board of Pharmacy, and T. Ramsey Taylor, also of Norfolk, made short addresses before the meeting. They discussed fully the laws recently passed to prohibit the sale of narcotics to inants and persons addicted to the drug habit.

The association offered a resolution elevating the educational standard for the practice of pharmacy in the State of Virginia, and in it set forth that every applicant must spend one year in a high school instead of being permitted to take up the study after passing through the grammar school.

Newport News, Va., July 11.—The Virginia Pharmaceutical Association, in thirty-second annual convention at Old Point yesterday, elected officers, selected Richmond as the meeting place for next year, changed the date of meeting from July to September, and adopted a resolution practically placing the druggists of the state on record as favoring state prohibition. The resolution touching on the State-wide question and enabling act was a strong one, and carried with it the decision of the pharmacists not to ask any special favors of the Virginia Legislature as regards the sale of whiskey and patent medicines containing alcohol in the event that Virginia becomes a dry state. The druggists declared that the restrictions on the sale of ardent spirits should be made severe as to prevent any intimation that the drug stores of the state would become barrooms in the event of the prohibition movement carrying.

The committee on nominations of officers presented its report, recommending the following, who were unanimously chosen: President, C. D. Owens, of Wytheville; vice president, H. D. Pettijohn, of Leesburg; second vice-president, J. F. Bauer, of Richmond; secretary, E. L. Brandis, of Richmond; treasurer, H. S. Eley, of Suffolk; local secretary, E. C. Toone, of Richmond; member of entertainment committee, C. A. Spencer, Jr., of Richmond; member executive committee, C. D. Fox, of Roanoke.

Candidates for appointment to the vacancy of the State Board of Pharmacy, T. A. Miller, Richmond; C. H. Lunsden, Lynchburg; W. T. Reeves, South Boston; J. T. Young, Roanoke; J. L. Hagan, Danville; trustees National Drugists' Home—T. A. Mann, Falls Church; T. Ramsay Taylor, Norfolk; J. F. Bauer, Richmond.

As the result of the conference between Viscount Chinda and Secretary of State Bryan yesterday, it was intimated that the Japanese situation had ceased to be a menace to friendly relations between Japan and the United States, and that it has resolved itself a technical and almost academic discussion of the points at issue.

MAY ESCAPE CHAIR.

Harve Looney is Granted Another Trial.

Richmond, Va., July 11. — Harve Looney, the Craig county man who shot and killed the town sergeant at Newcastle some time ago, has been granted a new trial by the Supreme Court of Appeals. Looney is in the death row at the prison, having been sentenced to die in the electric chair. Several weeks have elapsed since the action of the court, and as yet no word has been received by the prison authorities, and until the papers are received the man will doubtless remain in the detention cell where he has had a chance to see those who "go through the door" to the chair. The general belief is that Looney is "looney." He has thrice made attempts to end his life. He killed the officer, while ina dranked debauch. He denies that he recalls anything in connection with the murder.

Opposition to Judge Williams.

Lynchburg, Va., July 11.—An aftermath of the recent election of division school superintendent in Richmond, when Fletcher Campbell was defeated for re-election, for Amherst county, has cropped out in that county in the form of a petition to voters to support a candidate for Attorney-General other than Judge Samuel W. Williams, the incumbent, who is a member of the State Educational board,which elected the school officials. Judge Williams is charged with ignoring the petition of the voters of Elon district for the retention of Mr. Campbell, and now these petitioners are being urged to scratch Judge Williams in the August primary.

Negro Uses Blackjack.

Petersburg, Va. July 11.—Petersburg police are looking for a negro who late Wednesday night assaulted with a blackjack J. Blackwell Jones, a prominent citizen of Blackstone, Va. Mr. Jones, who had been in Petersburg buying material for his new home, was on his way to the Norfolk and Western depot when assaulted. His nose and cheek were fractured by the blow. He continued on his way to Blackstone and is now laid up by his injuries at his home there. The motive for the assault is unknown.

Child Killed by Car.

Norfolk, Va., July 11.—Christian Crider, two and a half year old son of Mr. and Mrs. E. A. Crider, Thirty-seventh street, Lamberts Point, died at the Protestant Hospital at 11:30 o'clock Wednesday night from concussion of the brain receiedv by being struck by a car of the Atlantic Terminal Division of the Virginia Railway and Power Company.

The accident occurred on Killam avenue, near Thirty-seventh street. The child was picked up and rushed to the Protestant Hospital in a private automobile.

J. E. Holder, motorman, and W. H. Rayne, conductor of the car, gave themselves up at the Second precinct police station and were bailed to appear before Justice Barron on the charge of recklessly running a street car.

"I have determined never to return to the United States again. My home will be in Paris." This statement was made by Jack Johnson, negro pugilist, under sentence for trafficking in white women, who eluded the United States authorities and arrived yesterday at Havre, France, on the liner Corinthian.

BAPTIST ENCAMPMENT.

Two Thousand Are Expected to Attend.

Norfolk, Va., July 11.—Last night the Virginia Baptist Summer Encampment opened its sixth annual session at Virginia Beach. During the five years of its organiation this encampment has been constantly growing, and the past two years at Virginia Beach mark the most decided advancement since its organizatioon. Ministers from all parts of the State and adjoining states, Sunday school teachers superintendents, Sunday school teachers and church workers assembled last night for the inaugural address which was delivered by Dr. Sparks W. Melton, pastor of the Freemason street Baptist Church. Dr. Melton was followed by Dr. Lincoln Hulley, of John B. Stetson University, De Land, Fla.

On account of the constant growth of the encampment the executive committee in 1911 realized the need raise the necessary funds and all the meetings had hitherto been held in a large tent. Accordingly, in the 1911 meeting a campaign was started to raise the necessary funds and all the churches represented at the ncamp mat contributed liberally. The building was begun at once, and when the 1912 session met it was far enough toward completion to be used as an auditorium, although the floors and partiions had not been put in. As all the funds raised in 1911 were exhausted, a new campaign was started and as a result the main building stands completed for this session, although necessary additions will be made each year.

The enrollment last year reached about 1,500, the largest of any year previous and the management fully expects 2,000 delegates this year from the various churches interested in the movement. With the 1500 delegates last year the hoteis and cottages were crowded, but arrangements have been made already to accommodate practically all of the 2,000 visitors expected.

The Truth About Electric Cooking
For large families where the average domestic help is employed and a large amount of cooking done, Electric Cooking will be found more expensive, and in most cases not advisable.
In small families, where no help is employed, and where nice equipment is desired, Electric cooking will be found many times more convenient, more certain in results and safer in operation—as well as reasonable in cost.
In every family a few utensils for early breakfast emergency and special uses—and for cheering up cold meals with a warm dish or two—is highly advisable from every standpoint, including that of economy.

DRUNKEN CHILDREN IN PUBLIC SCHOOLS.

A dispatch from Passaic, N. J., says Mayor George N. Seger has ordered an investigation into the fact that 81 children in the Passaic school were found to be intoxicated during the year. The Mayor has discovered that this note was made at the foot of the annual report of the truant officer. "I never heard of such a thing," the mayor gasped, and called upon the truant officer for an explanation. The latter declared that at one tme or another during the year 81 children had come to school drowsy and inattentive or boisterous or quarrelsome and in each case investigation established the fact that they were under the influence of liquor. It was said that most of the children were of the foreign population of the city and that in some instances their alleged intoxicated state could be traced to light wine with which they had been served at dinner in their own homes.

We are told that one feature in the course of education of Spartan childyears ago, was an object lesson imparted by slaves, who were made to drink themselves drunk in order that the scholars could behold with horror the disgraceful plight of men who allowed an enemy to steal away their brains. According to the Passaic dispatch, such object lessons in our day are given by scholars in the glare of the civilization of the twentieth century.

WASHINGTON AWAKE AT LAST.

In consquence of the reports of attacks of negroes on white women in the District of Columbia, which are increasing in frequency, Congress, is likely to take action soon, looking to an investigation and to remedial measures. A Senate investigation is a possibility.

Senator Poindexter, of Washington whose sisterin-law, Mrs. Jorgenson, was recently attacked while walking along a much-frequented street, is said to be giving the subject attetion.

Not only Senator Poindexter, but other Senators are giving thought to the matter. Just what course it will take is not yet settled. It is learned that members of Congress are getting information that there have been a number of such attacks recently which aparently have been kept more or less under cover.

It will not be surprising if a resolution is put into the Strate soon calling for full information from the district Commissioners about the prevalence of crime in Washington.

One Senator calls attention to the fact that S. S. McClure had presented figures to show that murders in Washington had increased from ten in 1902 to thirty in 1912. He said this was unusual as compared with other cities. Even in London, he pointed out, there were but twenty murders last year and it has 7,000,000 people.

This a well-known fact that Washington has been a rookery for vicious negroes since the days of the Freedmen's Bureau, and the increasing number of attacks on white women will doubtless cause drastic action on the part of Congress.

The confessions of the Wall street "wolf" don't hold a candle to the statements of a London suragette who posed as a duteful wife during the daytime and a leader of the arson squad at night.

As long as those New York gunmen must be shooting somebody it's just as well that they practice on each other.

The barber who hanged himself because his wife objected to his belief in socialism did two good things at once. He gave his wife a chance to marry somebody more rational and spolied a socialist vote.

BARGAINS OF A LIFETIME.

Owing to the death of John A. Marshall, the business of the firm will be conducted by me as surviving partner. The affairs will have to be settled, no matter what the sacrifice. Knowing full well that it will take considerable time to close this matter by even getting cost prices of our goods, I have determined, in order to settle quickly, to sacrifice everything. It is impossible to enumerate the immense stock, but a few will suffice to interest those who would like to get something for actually nothing. The sale will begin tomorrow, July 12th, and will continue throughout the week. To interest the people we will mention a few of the many bargains:

Broken lot Men's $4 and $5 low Shoes and oxfords, for $1.50.

Women's oxfords, in broken lots, mostly small sizes and narrow width. Usual price $2.50, $3 and $3.50, now $1.00.

Children's oxfords that sold for $1.00, $1.25, and $1.50, to be sold at 50 cents a pair.

Men's oxfords, which we never sold for less than $1.25, $1.50 and $2.00, will go for 75 cents a pair.

100 pairs of misses and children's white canvas pumps and oxfords, a few slightly soiled, will be sold for 25 cents a pair.

In conclusion, I want to ask my friends to assist me in settling the affairs of the firm promptly, and the best way I can suggest is by closing their accounts. I will gratefully appreciate their co-operation in this matter.

Salem, Va., July 11.—A. M. Bowman, who has been for 12 years the representative from Roanoke county in the State Legislature, and who is now chairman of the House Finance Committee, and a member of the Tax Commission, is ill at his home here, and his family have made it known that on account of his critical condition he will not be a candidate for re-election.

At a special meeting of the county Democratic Committee, notice was given that Colonel's Bowman's successor will be selected at the regular State primary on August 5, and it is generally conceded that the honor will fall upon Mr. O. L. Stearnes, brother of State Superintendent of Public Instruction R. C. Stearnes, of Richmond.

COLLECTORSHIP FIGHT.

Curtis, of Newport News, and Hamilton, of Norfolk, Principal Contenders.

Washington, July 11.—It is learned that the fight for the collectorship of the Virginia customs district will open up in earnest in Washington within the next two or three weeks. The appointment of a Democrat to succeed Floyd Hughes, a Republican, collector at Norfolk, will be made, it is understood, before many days.

In fact, the report is current in Washington that Collector Hughes will shortly resign inorder to give his entire time to the practice of law.

Mr. Hughes, it is said, has a law practice which pays him $10,000 a year. The collectorship carries a salary of $5,000. Under the recent ruling of the Treasury Department a collector is called upon to give his entire time to his official duties. According to the talk here Mr. Hughes is unwilling to do this as it would involve the sacrific of a law practice that is far more remunerative.

It is also pointed out that under final reorganization plans of the custom service, which were approved and put into operation by Secretary McAdoo, July 1, the collectorship of the Virginia district became a new job, and Collector Hughes, of Norfolk, did not fall heir to it. The reorganization plan made Norfolk and Newport News Joint headquarters of the Virginia district. The plan, as first interpreted by the treasury officials, designated Norfolk as headquarters, in which event Mr. Hughes would have become collector of the Virginia district until his term as Norfolk collector expires. But when Secretary McAdoo held that Norfolk-Newport News jointly are the headquarters, Norfolk losh its sole claim of retaining the collectorship and the job became a state-wide office.

It is understood that the Treasury officials, under the ruling of Secretary McAdoo that the two Hampton Roads cities shall constitute jointly the headquarters, hold that the appointment is one which can be filled by an yVirginian no matter from what section of the state he may hail. And that it will be required of him is he must reside in Norfolk or Newport News so as to keep his office hours between the two cities. A man from Bristol, Richmond, the Valley, or the Southside, is eligible for the appointment.

There are now three active candidates in the field for the appointment. They are Norman R. Hamilton, of Norfolk, who has the support of Congressmen Holland and Watson, Senator Swanson and probably Senator Martin and business interests in Norfolk and Richmond; Captain Curtis, of Newport News, who is being supported by Congressman Jones, Montague and Glass; and R. W. Perkins, of Newport News, who is backed by Richard Evelyn Byrd, the Wilson manager in Virginia.

Bailey Respited.

Benjamin Bailey, convicted at the May term of the Circuit Court for Fairfax county and sentenced to die in the electric chair at the Richmond Penitentiary, has been given a respite by Governor Mann until August eighth. The respite was granted by the Governor because he desired to make further investigation into the mental condition of the prisoner.

BULGARIA BEGS FOR PEACE.

Appeals to the Powers to End The Conflict.

London, July 11.—The end of a fortnight's desperate fighting in the Balkans finds Bulgaria forced to appeal to the powers to arrange peace. The Bulgarian plan to drive a wedge between the Greek and Servian armies in the neighborhood of Guevgheli has completely failed. The last reports of the fighting received from Athens last night show that the Servians and Greeks at this point are combining their forces, while the Rumanian army is beginning an invasion of Bulgaria.

The latter fact doubtless was the deciding factor in Bulgarian appeal to the powers. How far Bulgaria's defeat is due to dissessions in high military quarters, which resulted in the resignation of General Savoff, and how far to the fact that the Bulgarian troops, which bore the brunt of the hard fighting in the last campaign were more exhausted than the Greek and Servian forces, will probably never be known.

Nothing can be predicted at the moment as to how events will shape themselves, the Rumanian invasion of Bulgaria having brought an intirely new factor into the problem.

Russia and France are devoting their eorts to persuading the allies to adopt a moderate attitude in order to facilitate a peaceful settlement. The Servian Premier is quoted in the Vienna Neue Freie Presse as declaring that the new war has completely set aside all treaties of alliance and that peace must now be negotiated on an intirely new basis.

THE TEST THAT TELLS.

The Test of Time. Many Alexandrians Have Made The Test.

Years ago this Alexandrian told a public statement, the benefit derived from Doan's Kidney Pills. The statement is now confirmed—the testimony is now complete. Instances like this are numerous. They douly prove the merit of Doan's Kidney Pills. Can any Alexandria reader demand more convincing proof? Is Alexandria testimony, it may be investigated.

Mrs. Annie Scott, 110 Prince St., Alexandria, Va., says: "I am the same strong friend to Doan's Kidney Pills today as I was some years ago, when I publicly told of the cure they had made for me. This cure has been lasting, but I occasionally use Doan's Kidney Pill sas a preventive. I had pains in my back and I could not rest well. In the morning I always felt tired and worn out, and I also had dizzy spells. Doan's Kidney Pills did such good work that it is a pleasure to recommend them to other kidney sufferers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

"Pat" McDonald, the big New York policeman who won the 16-lb. shot put, beat hands at the Olympic Games last summer, says:

"A pipeful of Tuxedo for mine. It's the best tobacco ever. I actually feel stronger after a smoke session with Tuxedo."

You can smoke Tuxedo, no matter how many other pipe-tobaccos you have tried and had to give up—for Tuxedo does not irritate the most sensitive mouth, throat or nose—in fact, many public speakers and singers find that smoking Tuxedo has a soothing, helpful influence on their throats.

Tuxedo is made from the very best selected Burley tobacco grown in Kentucky—carefully ripened, cured and aged until it is perfectly mild and mellow. Then treated by the famous "Tuxedo Process" that removes the last trace of "bite" and bitterness, and develops the wonderful fragrance and flavor of the Burley leaf. Tuxedo has many imitators in the tin—but as long as the secrets of the "Tuxedo Process" remain undiscovered, it will have no equal in the pipe or cigarette.
